

STUDENT ENROLMENT WITH SACNASP: GUIDELINES AND REQUIREMENTS FOR ENROLMENT

1. INTRODUCTION

SACNASP is the South African Council for Natural Scientific Professions and was established as a result of an Act of Parliament (Natural Scientific Professions Act, No 27 of 2003). In terms of this Act, SACNASP governs the practice of Natural Science in South Africa. SACNASP's mandate is to create an enabling environment for professional development in natural science and endeavours to grow the maturity of the discipline by contributing to their body of knowledge, their relevance, governing principles and accessibility to new and existing practitioners.

2. ENROLMENT OF STUDENTS IN NATURAL SCIENCE

SACNASP is offering free student enrolment to enable those who are still studying towards a qualification in their field, to join and receive specific benefits such as training, development and networking opportunities. Our website and social media are a valuable source of information should you wish to do research related to specific occupations. We also list practitioners or organisations in the field, which allows you to identify individuals who you could contact for further conversations about your career.

3. REQUIREMENTS FOR ENROLMENT

3.1 The following requirements need to be met in order to enrol:

- The student must be in their final year of their first degree at a South African tertiary institution and be in full time education.
- Students studying for their Honours, Masters or PhD also qualify but must be in full time education.
- Students must be studying natural science in one of SACNASP's fields of practice – for the complete list please see our website <http://www.sacnasp.org.za/new-submissions/fields-of-practice.html>

4. PROCEDURE FOR ENROLMENT

In order to enrol please click on the following link completing all the information that is relevant to you.

<http://www.sacnasregister.co.za/studentenrolment/index.php>

Once you are enrolled you will receive information from SACNASP in the form of newsletters, webinars and have access to relevant general training.

4. CONCLUSION

It is important to note that you are enrolled as a student but not registered as a registered scientist. You will only be registered once you meet the requirements of the SACNASP Council for registration.

5. AUTHORISATION

The Guidelines for Student Enrolment with SACNASP were approved and signed by the Executive Director of SACNASP.
